How to Sign up for Events

By Gabe Rosado

THIS IS A PUBLIC SERVICE ANNOUNCEMENT

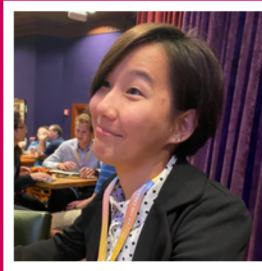

We within Galipatia understand that signing up for events can be stressful and frustrating, so we've decided to give you a step by step guide.

- First you must access the Galipatia website either through this URL: <https://www.galipatiacommunity.com/> or this QR code:
- Once the cite is open, click on the tab at the top that says "First Years", the password is "PASSWORD REDACTED".
- If you scroll down a little bit you will see a calendar of all the Galipatia events, which are also color coded by availability.
- Click on a date in the calendar to see all of the events for that day.
- After finding your desired event, click on it and it will take you to a registration page.
- Fill out the required registration information, and BOOM you've successfully registered for an event.

*We within Galipatia appreciate your continued understanding for any error that may occur with our website. Thank you, have a nice day *

Topics To Agree to Disagree About!

By Mia Yost-Kelly

To spice up conversations, try asking your friends where they stand on these hot-take topics:

- You don't have to obey stop signs if no one is around ("no cop, no stop").
- "Love at first sight" actually exists.
- It's okay to put a Q-tip (cotton swab) in your ear.
- The pros of social media outweigh the cons.
- Dogs are better pets than cats.
- I like going to movie theaters alone.
- I am less likely to do something if someone else tells me to.
- Swallowing gum is better than throwing it away.
- Potatoes are better than rice.
- Sometimes the sequel is better than the original movie.
- Astrology is fake.
- Pizza is overrated.
- I wash my legs in the shower.
- Making your bed is a pointless task.
- I think airplane window seats are better than aisle seats.
- A friendship breakup is harder than a romantic breakup.
- I would end a friendship with someone if they cheated on their significant other.
- You can re-wear clothes without washing them.
- Baths are better than showers.

Opinions on these topics can range along the spectrum from strongly disagree to strongly agree. Everyone has their reason for their opinions, and these sorts of conversations give opportunities to learn more about the people around us and their thought processes.
